BRUCE

# SEX CHANGE COMPLETE

BRUCE JENNER HAS CLEARED THE LAST HURDLE TO BECOMING A WOMAN: GENDER REASSIGNMENT SURGERY

It took 65 long years, but **Bruce Jenner** has finally become the person he's always wanted to be: a woman. An insider close to the former Olympian reports that he's "happier than ever" since taking the final step in his transition, an operation to render his male genitalia female. During the *KUWTK: About Bruce* special, which aired

May 17 and 18 but was taped months prior, he stated that his final surgery would "probably occur in the spring." When his stepdaughter **Kim Kardashian** publicly referred to Bruce using feminine pronouns on Twitter May 18, many took it to mean that the process had already been completed — and indeed, the family insider confirms, the sex change occurred in early May.

The operation was the last phase of a long evolution that began with Bruce growing out his hair, taking estrogen and shaving down his Adam's apple. He's also

**Bruce has been holed up at home in Malibu until he debuts his new look on his own reality series.**

## UNDER THE KNIFE

In January 2014, a source says, Bruce had a laryngeal shave followed by a nose job in early 2015 to "soften his features" and "look more feminine."

## UPPING THE ANTE

Bruce took another big step in March, getting breast implants the source says he was "thrilled with."

been spotted near his Malibu home with substantial breast enhancements. Now, the insider says, Bruce is "wearing women's clothes full-time" and fully embracing the realization of his true identity. "He's been making over his house and especially his closet to show a more feminine aesthetic, lining up his favorite glittery heels below blouses and flowing dresses."

While Bruce is contractually obligated to conceal his new persona until his E! docuseries premieres, the source says he's relishing his new life: "He's even baking cupcakes for the camera crew at his house."

THE LATEST CELEB NEWS

# INSIDER

**D**espite nabbing her first Golden Globe nomination for a nontelevision role earlier this year, finding a juicy new project hasn't exactly been a piece of cake for **Jennifer Aniston**. According to an insider, the actress is trying to ditch her rom-com reputation to win more serious roles. "Jen narrowly missed out on an Oscar nomination for *Cake*, so she's desperate to land the lead in another drama," reveals the insider. "She wants to be on that podium next awards season, but with no offers coming in, she's starting to fear it may not happen."

However, thanks to her \$150 million fortune, the source adds that Jen isn't above reaching into her own pocket to help get the movie of her dreams. In fact, she also served as executive producer on *Cake*. "She knows that there are edgy roles out there, and she'd be willing to fund an indie film in order to get one," the insider says. "But at the same time, Jen would much rather be approached to star in someone else's project. She doesn't want anyone thinking that she's buying her success." Jen's also prepared to work hard for a demanding role. She ditched the diet and makeup for *Cake*, and the insider insists she's willing to push herself even further in her next project — but so far, it seems like finding it could be the most difficult part.

An insider tells OK! that Jen was hoping her Golden Globe- and SAG-nominated performance in *Cake* would drum up offers for more serious roles.

# JEN OUT OF WORK!

Since Anna is still close with Kanye, a source says the editrix's ban on his wife is top secret: "Kim has a code name known only by a select few Vogue staffers."

## KIM BANNED FROM VOGUE

Kim Kardashian is out of style — at least according to Vogue head honcho Anna Wintour! Although the reality star's high-fashion dreams came true when she and Kanye West landed the magazine's April 2014 cover, an insider tells *OK!* that was Kim's "first and last time" on the front page of the sartorial bible. "Anna was deeply upset over the bad press she got for Kim's issue," dishes the insider. Then, when Kim broke the "no selfies" rule at the Met Gala — whose guest list Anna oversees — it was the last straw. Adds the insider: "Until further notice, Kim isn't allowed in Vogue, by name or picture."

## BRANGIE ISLAND SHOPPING!

When it comes to summering in Europe, leave it to Hollywood super couple Brad Pitt and Angelina Jolie to outdo even their fellow A-listers. An insider reveals that the pair have their hearts set on purchasing an extravagant vacation home in Greece: the entire island of Gaia (right), for a cool \$4.7 million. "Angie fell in love with it," says a source. "It will need development, but at that price they'll have no problem building the vacation home of their dreams." In fact, the 43-acre isle has already been granted a construction permit for six villas, which

is more than enough to house their six-child-strong family. Plus Brad and Angie are convinced that the island is the perfect answer to their issues with security. "The kids would finally be able to run around freely without worrying about paparazzi," adds the source. Sounds like paradise has been found!

**S**cientology poster boy **Tom Cruise** has a well-documented distaste for psychiatry and prescription meds, so it's no surprise that he has some unorthodox advice for pal **Jonathan Rhys Meyers**, who's been struggling with alcohol addiction. An insider tells OK! that Tom, who's remained close with Jonathan since they shot *Mission: Impossible III* together in 2006, is confident the troubled actor could get back on track by embracing the controversial religion. "Tom loves Jonathan like a brother and was horrified to see photos of him in such a terrible state," shares the insider. "He knew Jon had been battling alcoholism for years, so he wasted no time reaching out to him after his relapse. Tom truly believes the structure and discipline of Scientology could save Jonathan's life."

Although Tom has faith in the church's nontraditional rehab program, he's approached the topic cautiously with Jon. "He doesn't want to push Scientology on anyone," says the insider. "But he's made it clear that he's seen the positive effects the program has had on people, and he's optimistic that it could be just the thing to help Jon kick his addiction once and for all."

# TOM TELLS JONATHAN: TRY SCIENTOLOGY

A source says Tom was "shocked and saddened" to see the May 15 photos of a disheveled Jonathan drinking vodka on the street.

## LINDSAY STILL NOT SOBER

It was a race against time for Lindsay Lohan to complete her court-mandated community service by May 28, but even a tight deadline couldn't keep the actress out of trouble. A spy saw her "drinking herself into oblivion" at an NYC dive bar on May 16 and tells OK! she was on her worst behavior. "She called the bouncer an 'anorexic twink' because he wouldn't let her friend into the bar and later yelled at a girl she thought was looking at her for too long," says the source. "She was a total disaster."

## CHRIS: TOO SOFT FOR TV?

It's shape up or ship out for *NCIS: Los Angeles* star **Chris O'Donnell**. The once hunky actor has been sporting a serious dad bod as of late — and an insider says it could cost him his TV role. "Show execs are threatening that they could replace him with a younger, hotter model in a snap," the source tells OK!. "Chris needs to be fit to do stunt work, and he's just getting too squishy around the middle." Adding to the pressure to look good is the fact that his costar **LL Cool J** — who, at 47, is three years older than

Chris — is in tip-top condition. "LL is a workout fiend, and Chris is getting totally eclipsed by him," dishes the insider. Poor Chris: Twenty years after playing Robin, he's back to sidekick status.

A witness who saw Chris attending his kids' school fair on May 3 said he had "a bulging waistline and double chin."

# COUPLES NEWS

"They can't stay together just for Esmeralda's sake," a source says.

Ryan & Eva

# IT'S OVER!

**A**lthough **Eva Mendes** opined in March that not wearing sweatpants was the secret to preventing breakups, it seems like it may take more than that to keep her relationship going. After a rocky four years together, she and **Ryan Gosling** are calling it quits.

"They can't agree on anything," a source says, adding that the volatile couple frequently argued over Eva's jealousy issues, whether they should marry and how to raise their 9-month-old daughter, **Esmeralda**. (When asked in March about

working with Eva recently on his directorial debut, *Lost River*, Ryan said, "I have complicated, powerful female characters in my life." But the source says that what Ryan meant by "complicated" was "controlling.")

The pair started dating in 2011 after meeting on the set of *The Place Beyond the Pines*. "They used to have incredible chemistry, but the fun has been sapped from their relationship," the source dishes to *OK!*, adding that since they welcomed their baby girl, Eva, 41, was always exhausted and would

shut Ryan down whenever he suggested going out with friends or a weekend away to reconnect.

To give her some space, Ryan, 34, moved from the master bedroom of their L.A. house into his own room. But it wasn't until a longer separation in March, when Ryan headed to New Orleans to film *The Big Short*, that he realized their relationship had run its course. "Distance helped him get things in perspective," the source explains. "He thinks they might be better parents to Esmeralda if they are apart."

"Johnny knows Amber's serious this time," a source says.

## Amber to Johnny: **CLEAN UP YOUR ACT**

**A**mber Heard runs a tight ship! Sources on the Australia set of *Pirates of the Caribbean* say that **Johnny Depp's** wife, 29, gave him an ultimatum to stop partying — but it's only made him more of a mess. "Amber's fed up with how Johnny deals with his problems," an insider says. "She made it clear that he needs to shape up." Unfortunately, the stress of trouble in his marriage is just driving the 52-year-old actor

deeper into his bad habits, drinking at least a bottle of wine — sometimes three — every night and withdrawing from work. "He disappeared for five hours the other day," the on-set insider dishes to *OK!* "Everyone is on high alert and monitoring his whereabouts the best they can." But the outlook isn't good, the source adds: "It seems like he's lost his mind because he's terrified she'll walk away from the relationship."

## Sofia & Joe **THE NEW ODD COUPLE**

He's neat, she's messy. He wakes up early, she sleeps in. As partners, **Sofia Vergara** and fiancé **Joe Manganiello**, 38, are perfectly matched, but as roommates... not so much! "Sofia has a housekeeper, but Joe hired two more when he moved in," a source says, adding that Sofia, 42, thinks Joe's wardrobe takes up too much closet space. But, the source notes, the couple are good-natured about their differences. "They're crazy about each other," the source says. "They're learning to compromise, which will ultimately only make them stronger."

Sofia confessed to Ellen DeGeneres in May that she couldn't find room for Joe's books: "I said we should put them in the wine cellar!"

## OK! COUPLES NEWS

Over Memorial Day weekend, paparazzi snapped something they hadn't seen since January: **Emma Stone** and **Andrew Garfield** together! Though the couple recently ended their three-year relationship after reports surfaced that Andrew, 31, had cheated while filming *Silence* in Taiwan, the exes appear to be on the mend; they shopped for groceries in Beverly Hills on May 24 and dined at Café Gratitude in Venice the following day. A source says Emma, 26, relented after Andrew repeatedly begged her to take him back. "She agreed to spend some time with him, and once they were together again all the old feelings came rushing back," the source explains. "They really do love each other and plan on spending their lives together."

# Emma & Andrew REUNITED!

"Andrew is slowly earning Emma's forgiveness," a source says.

## Demi YOUNG AT HEART

For **Demi Moore** and her 24-years-younger boyfriend, **Sean Friday**, age is just a number. The actress, 52, has no qualms about mixing with a younger crowd — and acting like them too! "Demi's like a giddy teenager around Sean," says a source who saw her at one of the musician's recent shows. "She talks about her favorite indie-rock acts and the clubs she likes to go to." The source adds that Demi even called Sean "bae" — earning a few eye-rolls backstage. Kids these days....

## Jim's LIT TEST

Want to date **Jim Carrey**? Better do your homework! OK! has learned that the actor asks prospective girlfriends to read **Fyodor Dostoyevsky's** epic novel *Crime and Punishment*. "It's a quirky thing he encourages after a first date," a source says. "He jokes that anyone who can get through it can surely put up with him." It also helps him suss out whether a new crush has the brains to keep up with him. The source says Jim, 53, even gives his girls a quiz once they've powered through the Russian tome: "He loves surprising them with questions to make sure they've read it." On-again girlfriend **Cathriona White**, 28 — whom he dated from late 2012 to early 2013 — must have finally passed the test!

"Jim says reading the novel is like dating him, because it's so hard to get through," a source dishes.

An insider says that Demi tries to prove her music cred around Sean's friends.

**OK! COVER STORY**

AT 17, KYLIE JENNER IS WAY TOO YOUNG TO BE A MOM. BUT A SOURCE SAYS SHE'S HAVING A BABY... WITH SCOTT DISICK!

Kylie has publicly denied being pregnant, but the rumors persist.

# KYLIE: PREGNA

## WITH SCOTT'S BA

NOT  
BY!

ver the last few weeks, the Kardashian-Jenner clan has been rocked by rumors that **Kylie**

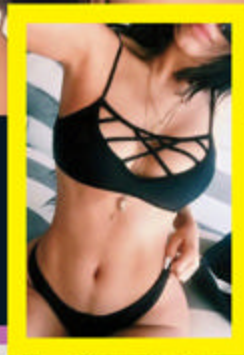

**Jenner** is expecting a baby with her older rapper boyfriend, **Tyga**. But a source tells **OK!** that the truth may be far worse than anyone suspects: "Her friends are saying not only that Kylie is pregnant but that **Scott Disick** could be the father!"

It's a shocking twist in a story that's already pretty sordid. As a minor, Kylie's not even old enough to have sex in her home state, meaning that her ongoing relationship with Tyga, 25, might not be legal. (Lucky for them, the police don't usually get involved unless an official complaint is made by someone close to the couple... and that doesn't include Tyga's vindictive ex-fiancée, **Blac Chyna**.) So the idea

## TOO CLOSE FOR COMFORT

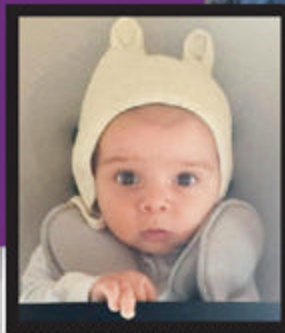

Scott and Kylie's behavior has seemed "off" for a while... to the point where even their Instagram followers have wondered if something is amiss. When Kylie posted shots of herself hanging poolside at his house in March, with a pic highlighting her supersexy bikini (above and right), commenters asked: "Are you guys together?" and accused the 17-year-old of "trying to get with" her big sister's boyfriend. How right they were!

## KOURTNEY'S IN DENIAL

Scott's longtime partner, Kourtney, has her hands full raising his three children — including little **Reign**, 6 months — and so far hasn't really been able to deal with the fact that her half sister might be having her kids' half sibling! "She's caught wind of the alleged pregnancy," the source says, "but the furthest she's gone is to tell a friend that if the story is true, Scott and Kylie deserve each other." For the most part, though, she's sticking her head in the sand. "She doesn't want to know," the source says. "It would destroy her. So until Kylie tells her herself, Kourtney's staying focused on her kids."

that Kylie was having *his* baby was bad enough for the family to bear.

But these new allegations that, despite Kylie's public denials, she's pregnant with 32-year-old Scott's child, are almost too much to take. After all, even though Scott never married **Kourtney Kardashian**, 36, they've been together for eight years and have three kids; he's been a *de facto* member of Kylie's family since she was a child herself. And she's long looked up to him. When she was just 13, she told *OK!* how close she

### BLIND TYGA?

"The buzz is that Kylie's been lying about who the father of her baby is," the source says. Even her boyfriend Tyga (who already has a 2-year-old son, **King Cairo**), is said to be totally in the dark about the teenager's affair with Scott.

was with her pseudo brother-in-law: "I love [Scott]," she said. "**Kendall** and I hang out and go for sushi with him."

### A CHANGING BOND

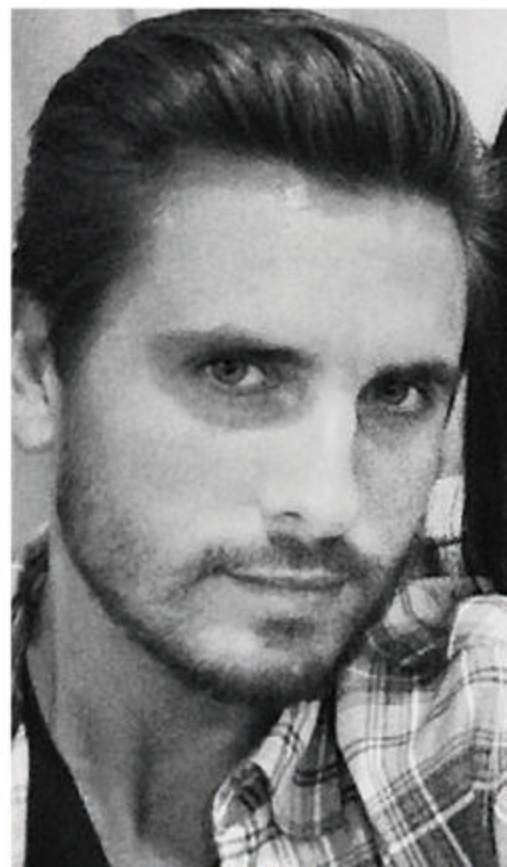

Just a few years later, though, their relationship was beginning to evolve. When Kylie was 16, immature Scott began treating her more like a party buddy, taking her and Kendall to a nightclub where, an eyewitness claimed, he plied her with vodka. "That was 18 months ago," the source points out, "so you can only imagine what they get up to now." Indeed, it appears that Scott has lost any awareness that Kylie is still a minor, helped along by her dramatic makeover. "You look 25," he told her recently. "I just feel like you're so grown up." And the

source says that Kylie's supersexy style has only served to exacerbate the situation: "It's hard for any guy not to check her out. Scott doesn't know where to look."

### STANDING BY HER MAN

The source says that Kylie's new provocative wardrobe was originally part of a desperate campaign to keep Tyga interested. "She feels like she needs to dress and act a certain way to keep his attention," the source says.

But the rapper is almost certainly going to hit the roof when he hears that the baby he thinks is his might actually be Scott's — especially because the couple recently fought over reports that Tyga has been unfaithful. "Kylie laid into him over rumors he cheated with Chyna,"

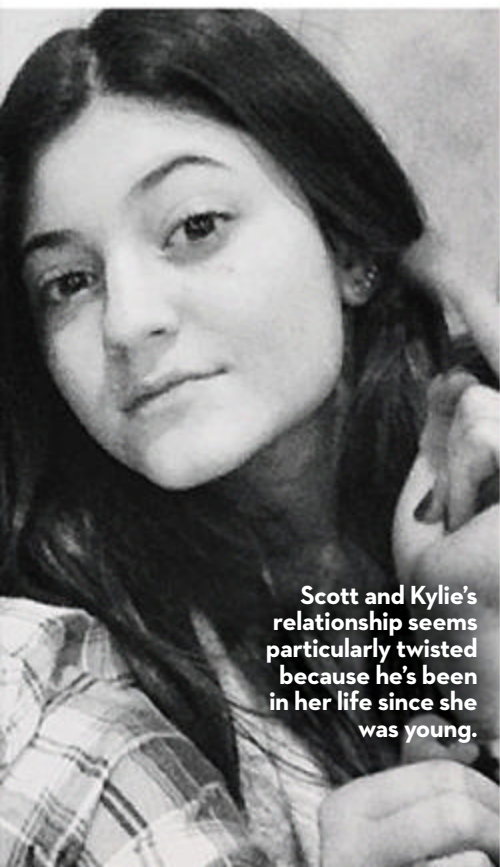

the source says. “Now it seems like she might have been covering her tracks.”

Still, the source says, Kylie is clinging to the relationship, if only because her transgression with Scott would surely end his union with Kourtney, and “she doesn’t want to be blamed for breaking them up.”

### THE CLOCK IS TICKING

Of course, if Kylie decides to keep the baby — and the source insists that she has every intention of doing so — she won’t be able to hide the truth for long. Even her reported recent decision to quit the family’s reality show, motivated by a desire to conceal her growing baby bump, is poorly thought out, given that she’s followed by photographers everywhere she goes.

“It won’t be long before she’s showing,” the source says, adding that friends have heard Kylie might be as far as two months along. “She’s gotten herself into a heck of a mess. It’ll only be a matter of weeks before she’s forced into confessing her secret. When she does, all hell is going to break loose.” **OK!**

Scott and Kylie's relationship seems particularly twisted because he's been in her life since she was young.

# BOUNDARY ISSUES

Not only has Scott taken a bath with Khloé...

...he's also cuddled in bed with her on camera...

Surprisingly, Kylie isn't the first of Kourtney's little sisters that Scott has been publicly accused of sleeping with: He's been linked to **Khloé** and Kendall too.

In fact, it's Scott's scandalous history with the Kardashian-Jenner clan that gives this new rumor the ring of truth. “No one would be that surprised if it happened,” the source says. “Scott can’t seem to keep his hands to himself when it comes to the sisters. One minute, Khloé’s his favorite” — the two have been caught snuggling in bed — “and the next, he’s flirting up a storm with Kendall.” Indeed, Kendall and Scott are frequent shopping buddies, and it’s even been reported that he asked her to marry him! On top of all Scott’s other issues, when it comes to his girlfriend’s family, he clearly doesn’t know where to draw the line.

...and climbed into bed with Kendall and Kylie too!

## Jessa &amp; Jill

HOW  
THEY  
HID  
THEIR  
PAIN

"I acted  
inexcusably,"  
Josh has said.  
"I hurt others,  
including my  
family and  
close friends."

As the Duggar family's shameful secrets are exposed, sisters **Jill** and **Jessa** can truly recover from their trauma

**T**he outrage is at a fever pitch following the revelation that 19 *Kids and Counting's* **Josh Duggar**, 27, molested five underage girls when he was a teen — including, the police report indicates, four of his five younger sisters at the time — and that Josh's parents, **Jim Bob** and **Michelle**, essentially covered it up. Members of the famously conservative, devoutly religious Arkansas family have issued statements both apologetic and

There were 10 groomsmen at Jessa's wedding last November — and Josh was conspicuously not among them.

supportive and circled the wagons as critics called for an end to their popular cable-network reality show.

Now Josh's sisters **Jill** and **Jessa**, who were just 11 and 9 when the abuse

occurred, are telling friends they're relieved that the truth is finally out in the open. "They have been carrying what happened to them inside for so long, smiling and pretending nothing was wrong," says a source close to the sisters. "They felt abandoned and betrayed, and

they'll probably never forgive Josh or their parents. It's humiliating and traumatizing to live it all over again, but they're glad that people finally know the truth."

## FAMILY BETRAYAL

The abuse — “fondling” of breasts and genitalia, often while the girls were asleep — first occurred in 2002, when Josh was 14, according to the police report. After another incident in 2003, Jim Bob consulted his church’s elders and sent Josh to a “treatment program” involving hard labor and counseling for four months. He also spoke to a state trooper he knew, who delivered “a very stern talk” to Josh but did not file a report (bizarrely, that trooper is now serving a 56-year prison sentence for child pornography). It wasn’t until 2006 — when *The Oprah Winfrey Show*, on which the Duggars were scheduled to appear, got a tip about the molestation and alerted authorities — that a police investigation was launched. (The report didn’t become public, though, until last month; it went nowhere because the three-year statute of limitations had expired.)

In the meantime, “Jill and Jessa were told it was their Christian duty to forgive Josh, and if they didn’t, God would be angry with them,” says the source. “There was no support from Jim Bob and Michelle; all their worry was for Josh.” In classic blame-the-victim style, “they were told not to tempt Josh, to wear looser clothing so he wouldn’t make another mistake. They were also forced to cook and clean for him and hold his hands at prayer time. They started to think it was all their fault.”

Dr. Frances Walfish, a leading child, couples and family therapist who has never treated the Duggars, notes that victims’ guilt is one of the most destructive side effects of molestation. “Even when an adult says it wasn’t your fault, it

## WHAT DOES JOSH’S WIFE THINK?

**Anna Duggar**, 26, is standing by her man, stating that she knew about Josh’s “teenage mistakes” early on and was confident that he’d “changed his life.” Just as the scandal was breaking, Anna, who’s pregnant and due in July, posted a message of forgiveness with no further comment.

takes work to convince the child,” she says. “So when the victim is blamed, it reinforces the feeling of guilt that’s already there, adding salt to the wound.”

## STARTING TO HEAL

In retrospect, it’s telling that neither Jill nor Jessa asked Josh to play a role in their weddings.

When Jill, 24, married **Derick Dillard** in June 2014, Josh’s wife, **Anna**, was a bridesmaid, and Derick, 26, had three of the Duggar brothers as groomsmen. Josh was left out of the mix, as he was in November when Jessa, 22, hit the altar with **Ben Seewald**, 20, and 20 attendants.

“The truth is,

they might not have gotten married so young if they weren’t desperate to get out of the Duggar house,” says the friend. “Of course, they’d

never dare admit that to their parents.” Adds Dr. Walfish, “These girls were raised in a very constricting environment, and they weren’t taught to defend themselves or say, ‘Stop.’ When they did speak up, not much was done to protect them.”

Jill and Jessa are now reportedly in talks to star in a spin-off show, which would focus on their own growing families. But the most welcome development has been the end of the cover-up. “For years they had to pretend their family was perfect, and it was unbearable,” says the insider. “With the release of the police report, they feel vindicated.” **OK!**

**“THEY WERE TOLD NOT TO TEMPT JOSH”**

## THE PARENTS SPEAK

Back in 2002, Jim Bob, 49, wanted to make incest a death-penalty crime. Now he and wife Michelle, 48, are saying they were “shocked” by Josh’s “very bad mistakes” but that the family “drew closer to God” as a result.

# WINS CUSTODY

## FOR NOW

A JUDGE ORDERS **KELLY RUTHERFORD'S** CHILDREN RETURNED TO THE U.S.

**C**ould **Kelly Rutherford's** custody nightmare finally be over? After six years in and out of courts, numerous public

pleas and one official White House petition that amassed more than 118,400 signatures, the actress is finally a step closer to being permanently reunited with her children, who have been living in Monaco with their father, German businessman **Daniel Giersch**.

Kelly, 46, has been contesting a court's unprecedented 2012 decision that ruled her American-born kids **Hermès**, now 8, and **Helena**, almost 6, were to live with her ex-husband in Monaco, after he claimed that his U.S. work visa had been revoked and he could not reenter the States. The long, grueling battle even led the *Gossip Girl* star to file for bankruptcy, claiming legal fees had left her \$1.5 million in debt.

"The fight for my children has almost become my career," Kelly told *OK!* on May 7. "It would be much easier to go on set and have someone curl my hair and take me to craft services, but I just have had a singular focus as a mother. Yet I still have to make enough money so I can travel to see them." To make matters worse, Kelly also alleged that Daniel, 41, would not even let her see the kids during her most recent trip overseas unless she turned over their U.S. passports — a claim that he disputed. But the actress did not back down, telling *OK!*, "He's

trying to completely alienate me as a mother. His agenda from the beginning was to get the children into France and strip me of all my rights."

### A SMALL VICTORY

In the days that followed, Kelly appealed to fans and fellow celebrities to sign her online petition in a bid to get her case reviewed by the White House. Finally, on May 22, after an outpouring of public support, Los Angeles Superior Court judge Mark Juhas overturned the original ruling — one that was labeled "one of the worst custody decisions ever" by ABC News legal analyst **Dan Abrams**. Kelly was granted sole legal and physical custody so that she can fly the kids back to California for another round of hearings on June 15. The judge also determined that the 2012 decision was only intended to be temporary and that it was improper for Daniel to establish residency for the children in Monaco.

"We are pleased that the Los Angeles Superior Court acted swiftly to confirm its continuing jurisdiction over the custody matter and the parties' two children," David Glass, Kelly's attorney, said in a statement. "We remain hopeful that Mr. Giersch will cooperate fully and assist us in peacefully transferring the children to Kelly's custody."

### WHAT'S NEXT?

While the new ruling is a win for Kelly, experts believe that the actress still faces an uphill battle to persuade the

court that her kids should stay in the U.S. permanently. California-based family law attorney David Pissarra, an expert in international custody law, tells *OK!* that a minor's counsel will most likely be appointed to determine whether it is in the children's best interests to stay in America with their mom or live in Monaco with their dad. "I think it's going to be very dependent on how good the father's attorneys are in refuting the allegations that he has been alienating the children," says Pissarra. "If he has ignored court orders and has been interfering with the mother's visitation, I think there is a very strong likelihood that the judge will change the custody ruling and send the children back to the States."

According to a source close to the case, Kelly is optimistic about the impending court session and what the future holds for her family. "Even though her battle isn't over yet, she's so happy about this milestone," the source says. "She was always confident that the judges would eventually see that this is the right course of action."

The Hollywood hunk ditched blockbusters and L.A. for indies and a house in Minnesota. Now he's back with a hit show — and hot as ever

It's been almost 15 years since **Josh Hartnett** was headlining some of Hollywood's most high-profile releases. The actor, now 36, took a surprising step back from heartthrob roles in films like *Pearl Harbor* to reconnect with his roots — even buying a house in his native Minnesota — and focus on smaller passion projects. “It wasn’t part of some grand plan,” he says. “I just needed to change the scenery around me and be around the people I knew best, people I could trust.” He’s now on top again with a juicy role on Showtime’s Victorian-set horror series, *Penny Dreadful*, which features appearances from literary creations like Dracula and Frankenstein’s monster. “It’s a concept that initially spoke to the kid in me,” says Josh, who adds that he “never felt out of the picture” in the intervening years: “I worked with a lot of interesting

people; that’s what matters to me. Maybe the next few smaller films I do will get more attention because of *Penny*, which would be great.”

**Now that you’re on a hit television show, will you feel the same pressures that made you move back to the Midwest years ago?**

Well, with age I’m better equipped, because it’s not new to me. When I was 20, I didn’t know how to handle the spotlight. It was the most hectic time in my life. Now I’ve grown into it. That’s actually what’s great about shooting *Penny Dreadful* in Dublin — I think there’s maybe four paparazzi, and they were all there on the first day but they left us alone after.

**Do you like being famous?**

If you’re doing well in this industry, it’s inevitable, but it’s not the best part of working. When I was younger, I liked the

idea of it more than the actual limelight. I didn’t wear it well.

**Weren’t you up for Jude Law’s role in *Cold Mountain* and Heath Ledger’s in *Brokeback Mountain*?**

Yeah, *Cold Mountain* didn’t go my way when **Nicole Kidman** came on board; they needed somebody older, so they got Jude instead. And *Brokeback*, I had a conflict with *The Black Dahlia*, so I had to drop out before shooting. I was brutally disappointed, but that’s how it goes.

**What’s the most ridiculous rumor you’ve heard about yourself?**

That **Leonard Nimoy**, God rest him, was my father. They based it on the shape of my ears or eyebrows. My dad was quoted in the article; they called my family home, my dad answered and said, “That’s news to me!” My parents have the article framed somewhere. I think it was called “Spock Shock!”

**What do you find most rewarding about your life?**

My relationships, my family and friends. Hands down, they're what keeps me moving in the right direction. Shows and movies come and go; your career fluctuates, and you can't depend on it for your sense of self-worth.

**If you could change one thing about yourself, what would it be?**

I could be a bit taller. I'm 6'3", but I always thought that if I were two inches taller, I could play basketball much, much better. I can't really dunk, and I want to be able to dunk! Two more inches would be great.

GRACE GEALEY'S

# CAYMAN STEWED BEEF

**SERVES:** 8-10  
**TOTAL TIME:**  
3 HRS. 45 MINS.  
**SKILL LEVEL**

**T**his mouthwatering dish is hands down my favorite thing to eat in the entire world," says **Grace Gealey**, who plays Anika Calhoun on Fox's megasmash series *Empire*. "It's a delicacy back home in the Cayman Islands — and my mother, Cheryl, is a sensational cook, so you're getting it from the best!"

## Ingredients

- 3 lbs. beef bottom round, cut into 2-inch pieces
- 1½ tsp. salt (add pinches later if necessary)
- 1 tsp. coarse black pepper
- 1 tbsp. brown sugar
- 2 tsp. cumin
- 1½ large onions, finely chopped
- 5 cloves garlic, chopped
- ½ Scotch bonnet (or habanero) pepper, finely diced, seeds discarded

## Directions

1. In bowl, sprinkle beef with salt, black pepper, brown sugar and cumin and rub all over. Add onions and garlic and mix together. Cover and refrigerate for approximately 2 hours.
2. Remove from refrigerator, add peppers and stir to evenly distribute.
3. Place beef in cast-iron pot (no oil needed) over medium-low heat. Cover. Meanwhile, prepare kettle of boiling water on the stove.
4. Brown beef to deep, dark color (turn

meat over from time to time to sear evenly), then pour ⅓ cup boiling water from kettle over beef. Cover and reduce heat to low. Allow beef to stew until water is reduced.

**5.** Continue the pattern of pouring boiling water over beef and stewing down until beef becomes tender and its own juices have created a natural gravy, approximately 1½ hours.

**6.** If desired, serve with rice, beans and fried plantains.

## Emma's SUMMERY MAKEUP

**E**mma Stone's soft look at the *Irrational Man* premiere at the Cannes Film Festival epitomizes this season's subtle-yet-defined makeup trend.

"I wanted to create a look that was playful and feminine," explains makeup artist Rachel Goodwin. She started with a sheer base, allowing Emma's freckles to come through, then used a palette of light neutrals: "I played with grays and vanillas on her eyes and pale ballerina pinks on her lips and cheeks." Brown liner – instead of black – was used to define without overpowering, and mascara was applied only to the top lashes. The end result? A natural finish to complement her fun, voluminous Oscar de la Renta black lace minidress.

JESSIE STAR  
**PEYTON LIST**  
MODELING  
THE SEASON'S  
SWEETEST  
LOOKS

MICHAEL WILLIAMS

PANDORA AMORATIS

ou may recognize **Peyton List** from her role as Emma on the Disney Channel's hit show *Jessie*, but if you don't know her yet, you will soon! The 17-year-old beauty is reprising her character (this time as the lead) in a *Jessie* spin-off, the summer-camp-set *Bunk'd*, and has a new movie, *The Outskirts*, hitting theaters this November. We couldn't think of a hotter star to model summer's sassiest trends. Get ready to be charmed!

### What was your big break?

When I was about 8 years old, I played the young **Katherine Heigl** character in the movie *27 Dresses*. She decided she wanted to be a brunette, so I had to put vegetable dye in my hair. That's when I knew I would forever be a blonde.

### What is your favorite thing about being an actress?

If I have something going on in my personal life, I can leave the situation, play the character, then come back with a different perspective.

### In *The Outskirts*, a high school comedy that pits nerds against popular kids, you play a mean girl — a change of pace from your character on *Jessie*. Was it fun?

I was supposed to play a character that was sweet and innocent, but they decided they wanted to take the role in a different direction. I was bummed because I really felt connected to her and the movie. But the director called me a week later and asked, "How would you feel about playing a mean girl? Can you play mean?" I was like, "Oh, I can play mean."

### How did you prepare?

I read the book *Queen Bees & Wannabes*, which **Tina Fey** read before she made *Mean Girls*. It breaks down the social groups in schools. I also thought about the mean girls I had to deal with in school.

**What would you say to kids who are being bullied?**

What my mom told me: You're gonna have to deal with mean girls the rest of your life.

**What's the best beauty tip you got from your mom?**

Wear sunscreen and apply eye cream, even at this age.

**Do you see your style evolving?**

It's constantly changing. It's maturing and growing as I am.

**You're so poised and have had so much success at such a young age. What life advice would you give to your fellow teens?**

Get off your phones. Many feel that the only way they can say that they did something is if they have a photo of it. When fans come up to me, I say, "Hi! What's your name?" But they barely talk – they take a selfie and run away. Nobody is really living in the moment.

**FUN FACTS**

- Peyton has a twin brother, **Spencer**, who is also an actor.
- When she was a toddler, she modeled with **Bella Thorne**.
- She played the younger version of **Kate Hudson's** character in the movie *Something Borrowed*.
- There are 50 fan accounts devoted to Peyton on Instagram.
- Her shoe size is 9.5.

The boys are back! Four years after the HBO comedy ended its run, the series hits the big screen as movie star Vince (Adrian Grenier) and his crew prepare for his directorial debut — which also happens to be Ari Gold's (Jeremy Piven) first

movie as a studio head. With no shortage of celebrity cameos (think Tom Brady, George Takei and Jessica Alba, to name a few), plus plenty of Hollywood glitz and glamour, this rowdy flick is guaranteed summer entertainment.

Don't miss a new episode of #RichKids of Beverly Hills on Sun., June 14, at 10 PM ET on E!

**T**his #RichKid is all grown up! **Roxy Sowlaty**, whom fans last saw slumming it at her parents' house, kicks off season 3 in her own apartment and running her own business. **OK!** caught up with the 90210 native to find out what viewers can expect this summer.

### How do you like living on your own?

It's amazing. Decorating my place was such a fun project as well. I'm so neurotic, I got the entire place together in a week!

### Sounds like a good ad for your interior design business.

Yeah, it's been going great. Viewers will actually see a job for one of my younger clients on the show.

### How's your romantic life going?

I have an amazing boyfriend. We had been friends for six years, and then it

just happened. But he's not on the show. I want to keep my relationship private.

### Are you and one of your costars, Morgan Stewart, still close?

We've been best friends for 10 years and now, for the first time, we're having an issue. Let's just say a business deal of our boyfriends' got in the way of our friendship.

### Did you know Taylor Ann Hasselhoff before she joined the cast this season?

Yeah, she's a sweet girl. My sister and Tay had a falling out in high school and I thought we all had moved past that, but it turns out there were still issues on her end.

### Any other drama this season?

Well, **Dorothy [Wang]** is always stirring the pot, so you'll see all of us finally confront her. Other than that, Tay is dating this awful human being named Bobby. He's like a con artist. You'll see some of him too.

## THE TRENDS A-LIST

## TUNES IN DISGUISE

That's not a booze-filled flask **Scott Foley**'s got next to his lounge chair — in a twist worthy of the *Scandal* script he's reading, it's a Bluetooth speaker, the iHome SoundFlask. Scott's is decorated with a skull, but the kitschy device comes in a variety of colors and designs.

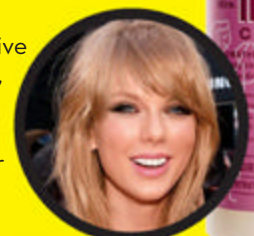

## PURELY INSPIRED — NOW WITH 100% COCONUT OIL!

Today's hottest weight-loss sensation is now available from the leading "single ingredient" brand. Extra virgin coconut oil — plus researched weight-loss driver green coffee (backed by two human trials) — are now featured in Purely Inspired! Each serving provides 1.8 grams of coconut oil. The ingredients provide a great source of medium chain triglycerides in rapid-release capsules for quick dispersal. Plus they are dairy- and gluten-free. Buy 40 soft gels now and get 40 for free! Purely Inspired is available at Walgreens for \$13.99 and Target for \$9.99.

## SCENT-SATIONAL LAUNDRY

Mrs. Meyer's fan **Taylor Swift** (or her housekeeper, anyway) will surely be as happy as we are to learn about the brand's new Clean Day Laundry Scent Boosters, which give laundry a naturally fresh, garden-inspired fragrance. Choose from lemon verbena, lavender or peony; for more info, go to [mrsmeyers.com](http://mrsmeyers.com).

# HIS WEEK

TERS ARE ... ING

Scott spent a relaxed day snacking on fresh fruit while listening to music and reading scripts.

The author, who wants to remain anonymous, calls herself "a modern old-fashioned mom."

## 60 MINUTES TO BETTER PARENTING

Forget **Dr. Spock** — give this author one hour and she'll tell you everything she's learned in 10 years of mothering. From sleep training to healthy eating and pacifiers to playdates, *The Modern Mother's Handbook* is filled with no-nonsense advice and streamlined tips for today's busy parents. Readers praise its commonsense approach and humorous tone — and the fact that this slim paperback can be quickly absorbed and easily referenced as kids grow. It's the perfect baby shower gift.

## A NEW HUE

Decisions, decisions! **Maria Menounos** was spotted checking out the wide variety of Vidal Sassoon Salonist at-home hair color shades at an L.A. drugstore. "Maria loves to change her hair color," an insider tells **OK!** "She always looks to do something different for summer."

## RELEASE REDUX

If you missed it in theaters, be sure to catch **Colin Firth** and **Samuel L. Jackson**

in *Kingsman: The Secret Service*, a spy thriller that boasts heart and humor, on Blu-ray, on DVD or in Digital HD via iTunes and other online retailers as of June 9.
